

Global Banking Regulatory Compliance Framework 2026

1. Capital Adequacy Ratio (CAR)

Commercial financial institutions must maintain a minimum Common Equity Tier 1 (CET1) capital ratio of 4.5% of risk-weighted assets at all times to absorb unexpected losses.

2. Anti-Money Laundering (AML) Protocols

Customer Due Diligence (CDD) and Enhanced Due Diligence (EDD) must be conducted for all high-risk accounts. Suspicious Activity Reports (SARs) must be submitted to regulatory authorities within 30 days of initial detection.

3. Liquidity Coverage Ratio (LCR)

Financial institutions are required to hold unencumbered High Quality Liquid Assets (HQLA) sufficient to cover net cash outflows over a 30-day severe stress period.
